

FINE ADOBE HOME

B. F. BOURNE TO USE AGES OLD CONSTRUCTION IN NEW RESIDENCE

Mr. and Mrs. B. F. Bourne have purchased 150x200 feet at Howard and Doran in the new tract which the Glendale Realty Company are soon to open and expect to erect a ten-room adobe home. The house will have a frontage of sixty-one feet on Howard and 100 feet on Doran and will have a wide lawn the full length of both streets. The rest of the grounds will be enclosed with a high wall behind which will be constructed a living garden in keeping with the house. The house will be one-story except a tower twenty feet square in which will be the hall and staircase. Upstairs will be one room to be used as an art room, drawing room or a retreat for the family. Across the front will be a ten-foot terrace. The drive entrance will be on Doran. To the south of the tower will be the living room, open on three sides, and having access to the inner court and also to the front terrace by long French doors. The court will face the south part and will be covered and so constructed as to make one large room which can be used as a ball room. At the south of this will be a swimming pool with an ornamental fountain facing the court. The four bedrooms and bath will form almost a separate building, raised a few steps above the rest of the house and forming the other side of the court. A main feature of the house is that it will be entirely fire-proof and will have no wood. The floors are to be of polished woodstone.

Mr. and Mrs. Bourne sold their beautiful home, "Sleepy Hollow," in Eagle Rock, about the first of this year and since that time have been living at the small home they bought on East Elk avenue until they could make the arrangement to build, which they expected to do in Eagle Rock, but after living here the four months have decided that the advantages of Glendale are too many and the views from this tract are equal to any, so they have decided to make Glendale their future home.

A MOUNTAIN OF ROSES

There is a rose bush on the Ellsperman place in the Grand View district that is really a wonder. It was set out six years ago, as a small slip. Now it is a mound-like bush, 30 feet in circumference and eight feet high. The name of it is "Thousand Beauties," but one more appropriate, wondering gazers say, would be "Mountain of Roses." While it sheds most of its leaves in winter time, there are always a few scattering blooms on it. The last of May to the middle of June is its glory time, however, for then it is one mass of light pink bloom standing out against the vivid green foliage. There are many thousands of roses on it at this time.

OPEN MUFFLERS

WAR IS DECLARED ON MOTORCYCLISTS WHO OFFEND IN THIS RESPECT

It is not often that a reform starts from within an organization to which offenders belong but such an instance is noted in the big city at our gates and the reform is one of which nearly all of Glendale's citizens will heartily approve. The L. A. Motorcycle Club has declared war on open mufflers. The secretary of the organization, Otis E. Hackett wrote Chief of Police George K. Home pledging the Club's hearty cooperation in any plan to curb "the smart Alec astride a motorcycle who dashes down the street with a wide open muffler, violating all traffic rules and endangering his own and others' lives." The communication further states that open mufflers are not necessary and urges Chief Home to take drastic action against the nuisance. This warfare has been conducted in Glendale for a long time by our speed officer and the courts but the nuisance is still all too prevalent, not only with motorcycle riders but with auto drivers. Expert auto engineers say the open muffler is not of the slightest aid in starting or in climbing a hill, yet many drivers still cling to the practice of making this noise to push the machine along. It is to be hoped that all sane motorcycleists and auto drivers will lend their aid to the officers in abating this nuisance.

WEATHER FORECAST: Fair and warm tonight and Saturday.

TRUSTEES' MEETING

DEVELOPMENT ASSOCIATION ASKS FOR ACTION ON BRANCH MUNICIPAL BLDG.

The Board assembled at 8 o'clock p. m. June 17, 1920. Trustees Bartlett, Henry, Robinson, Shaw and Stephenson were present. The minutes of the regular meeting of June 10th were read, and after corrections made in reference to revision of the rules, and another referring to the application of Mr. Temple, the same were approved.

Bids were ordered to be opened in accordance with advertisement for supplying the city with a one-ton motor truck, and two runabouts, and the following bid was opened, read, and publicly declared:

Ford Agency, Glendale	
Two (2) Model T Ford Runabouts, standard equipment, including electric starting and lighting system	\$1,453.92
One (1) Model T T one-ton, solid tire truck chassis, without electric starting and lighting system, equipped with standard truck cab, including windshield	791.23

Total of bid for equipment specified in advertisement of June 11, 1920 \$2,245.15

Delivery on these cars to be made on or before thirty (30) days from this date.

Bid was referred to the Finance Committee.

An application was read from Mr. and Mrs. N. W. Terrill, requesting permission to remove small eucalyptus tree on Lomita avenue. The matter was referred to the City Manager.

A petition signed by Mabel L. Tight, and about fifteen other residents and property owners, was presented to the Board, protesting against the maintenance of a livery stable on Glendale avenue, north of Broadway, complaining that the same is a public nuisance, and requesting that it be removed from its present location. Mrs. Tight addressed the Board in reference to the subject and the matter was referred to the City Marshal on motion of Trustee Henry. The City Marshal being present, stated that he was familiar with the conditions complained of and the matter was referred to the Public Welfare Committee, and Sanitary Inspector requested to make report in connection with the same, to be presented at the next meeting of the Board.

The matter of a municipal building proposed by the Greater Glendale Development Association to be established on Brand boulevard, was taken up, and Roy L. Kent addressed the Board on the subject. Mr. Kent stated that options covering two 25-foot lots on the east side of Brand boulevard south of Broadway had been presented by the Association nearly two months ago, and requested that there be no further delay in

SURPRISE DINNER

MRS. GEORGE W. PIERCE ENTERTAINS IN CELEBRATION OF HUSBAND'S BIRTHDAY

In celebration of her husband's birthday and as a surprise for him, Mrs. George W. Pierce of 209 East Maple street entertained with a smartly appointed dinner Wednesday evening at 6:30. A pink color scheme dominated decorations and accessories, the table being centered with a huge mound of sweet peas and ferns. Pink ribbon streamers extended from the center to the corners of the table, pink candles filled the candelabra and added to the radiance of the scene, and lights throughout the house were shaded with pink. The sideboard in the banquet room vied with the table in its floral loveliness where ascension lilies were combined with pink and white sweet peas and ferns. At the close of the dinner electric lights were turned out and a handsome birthday cake glowing with candles was brought in and placed before the host.

Following the dinner an evening of music and cards was enjoyed. Guests bidden were: Mr. and Mrs. Scott Stevens of Long Beach, Mr. and Mrs. Coemo of Long Beach, Mr. and Mrs. M. B. Compton of Cudahy, Mr. and Mrs. Frank Higgins of Los Angeles, Mr. and Mrs. Edwin Cridland of Los Angeles, Mr. and Mrs. S. W. Fuller and Miss Gertrude Fuller of Santa Ana.

DEATH OF GEORGE W. PERKINS

DEMISE DUE TO COMPLETE NERVOUS EXHAUSTION DUE TO INTENSE AND CONTINUOUS OVERWORK

(Special Service to Glendale Evening News)

STANFORD, Conn., June 18.—George W. Perkins, retired financier, for many years connected with J. Pierpont Morgan, died at Stanford Hall Sanitarium early today. He came here a week ago suffering from a nervous break-down.

Perkins had been a close friend of Theodore Roosevelt for many years. He was born in 1862 in Chicago. He was formerly vice president and chairman of the financial committee of the New York Life Insurance Company, director of the United States Steel Corporation, director of the International Merchant Marine, and was a trustee of Vassar College.

NEW YORK, June 18.—The local offices of George W. Perkins issued a formal statement today saying that he died from acute inflammation of the brain resulting from complete nervous exhaustion due to intense and continuous overwork.

GOMPERS' CANDIDACY

HIS DEFEAT YESTERDAY LEADS TO CONFERENCE WITH EXECUTIVE BOARD ABOUT HIS SUCCESSION

(Special Service to Glendale Evening News)

MONTREAL, Can., Jan. 18.—As a result of the defeat of President Gompers in the American Federation of Labor Convention yesterday on the government ownership of railroads issue, Gompers has called a secret meeting of the Executive Board for this afternoon. It is expected he will submit to the Board the question of whether he will seek re-election. It is understood the Board is unanimous in favoring the candidacy of Gompers to succeed himself.

It was announced that Federation representatives will now go to San Francisco and demand that the Democratic convention put government ownership of railroads in its platform.

PRESIDENT WILSON'S CHALLENGE

SENATOR HARDING SAYS PROPOSAL OF A REFERENDUM ON LEAGUE WILL BE ACCEPTED

(Special Service to Glendale Evening News)

WASHINGTON, June 18.—Senator Harding, Republican presidential nominee, today declared the party will gladly accept President Wilson's challenge for a referendum on the League of Nations. He was discussing the president's interview with the "New York World," in which he declared the Republican platform had made himself and the League of Nations the real issue in the campaign.

Political leaders pointed out that Wilson did not eliminate himself as a possible candidate for the presidency in case the San Francisco convention should have trouble over the League of Nations issue. It was conceded here that Wilson's interview is the beginning of his offensive on behalf of his own policies.

DETROIT AND CLEVELAND POPULATIONS

NOW RANK FOURTH AND FIFTH IN LARGEST CITIES OF U. S.; PASS BOSTON AND ST. LOUIS

(Special Service to Glendale Evening News)

WASHINGTON, June 18.—The Census Bureau today announced the population of Detroit, Michigan, as 993,737, and of Cleveland, Ohio, as 796,836. This makes Detroit the fourth and Cleveland the fifth among the largest cities of the United States.

Detroit has increased 113 per cent and Cleveland 42 per cent. Both cities passed St. Louis and Boston, formerly fourth and fifth in the list of largest cities.

EARTHQUAKE IN LOS ANGELES

EARLY MORNING SHOCK SAID TO HAVE CAUSED NO DAMAGE TO LIFE OR PROPERTY

(Special Service to Glendale Evening News)

LOS ANGELES, June 18.—The sharp earthquake shock which shook Los Angeles and vicinity at 2:08 this morning did no damage as far as reported.

THIRD PARTY POLITICS

PASSAGE OF GOVERNMENT OWNERSHIP RESOLUTION BY LABOR FEDERATION HAILED AS FAVORABLE

(Special Service to Glendale Evening News)

CHICAGO, June 18.—The adoption of a resolution indorsing government ownership of railroads by the American Federation of Labor meeting at Montreal, was interpreted today by leaders of the proposed third party movement as a step supporting their policies.

DOUBLE EVENT

MR. AND MRS. HENRY WEGER OBSERVE WEDDING DATE, GREET RELATIVES

Mr. and Mrs. Henry Weger of 332 Ethel street entertained last Saturday evening in honor of their eighth wedding anniversary and of the recent arrival in Glendale of Mr. Weger's brother-in-law and sister, Mr. and Mrs. C. Blanchard, who came out from Wichita, Kansas, to make Glendale their home. Other guests were William Weger and wife, who came from Wichita about eight months ago to live in Glendale, buying a home at 1122 East Wilson avenue, which they sold last week; and Mr. and Mrs. John Weger, also from Wichita, who recently bought at 810 South Glendale Ave.

A four-course dinner was served and the evening was spent very pleasantly with music and conversation. The house was beautifully decorated with pink carnations and ferns.

There were formerly six families of Wegers and their kin, brothers and sisters, living in Wichita. Four of these families are now Glendale residents and all are or else soon will be home owners. The other two are coming to Glendale to live, in the very near future, they declare.

GLENDALE TALENT

MUSICIANS OF JEWEL CITY PROMINENT ON U. S. C. MUSICAL COLLEGE PROGRAM

Glendale and its suburbs was well represented at the Commencement concert of U. S. C. Musical College, which took place Tuesday evening at the First Congregational Church of Los Angeles. The program included:

Cello solo, "Romance" (Van Goens), by Paul Cartwright.

Contralto Solo, "Dawn," Margaret Dick.

Vocal Solo, "The Lark," Margaret Hauber of Montrose.

Tenor Solo, Aria from Faust, Orrin Padel.

Soprano Solo, Aria from Carmen, Anna May Galloway, soloist of the Glendale Presbyterian Choir.

For all these artists and several others, Miss Elizabeth Mottern furnished accompaniments. She also played accompaniments at University High School Commencement which was held in University M. E. Church, Los Angeles.

Miss Dick was graduated in Liberal Arts Department and music last year, but returned for post-graduate work. She expects to teach next year.

"DELEGATES FROM DENVER"

It was supposed that the dramatic season had closed at Glendale Union High, but a final event took place today at 1:15 p. m., when the seniors presented "Delegates from Denver" at a pay assembly. The play had been rehearsed and directed by Miss Abbie Terry, head of the Dramatic Art Department. In the cast were Guy Bennett, Jack Jenkins, Elaine Hudson, Evelyn Williams, Elizabeth Webb, Dorothy Shaw, Frances Muser, Lee Wise, Mary Rich.

DANCING PARTY

MISS DOROTHY BAIRD ENTERTAINS AT HOME OF DR. T. C. YOUNG

Miss Dorothy Baird, who has been a student at Glendale High the past year, entertained a few of her school friends Thursday evening with a dance in the beautiful little ballroom in the home of her aunt and uncle, Dr. and Mrs. T. C. Young, at 400 N. Kenwood street. Following the dance, refreshments which will feature the class colors—green and white—were served. The guest list included: Misses Eva Green, Mary Logan, Harriet Barnes, Elaine Hudson, Evelyn Williams, Florence Marlow, Dorothy Haig, Jane Snyder, Delia Young, Lois Webb, Ruby Stone and Helen Esterly, Messrs. Sloan Freeman, Jack Jenkins, Fred Jenkins, Edward Newcomb, Lee Wise, Russell Tummell, David Folz, Allen McKenzie, John Worley, Clayton Card, Francis Powers, Kenneth Whaley, Edward Bowen, Herbert Graves.

Miss Baird will leave the week after Commencement with her mother and sister for her home in Chicago, where she will next fall continue her studies in music in the American Conservatory in Chicago.

GLENDALE HONORED

TRACTOR AND IMPLEMENT SHOW, INTERNATIONAL AFFAIR, TO BE HELD HERE

The sixth annual show of the National Tractor and Implement Association, which was eagerly fought for by cities of the Middle West—Denver, Kansas City, Chicago, St. Louis, Cincinnati, Atlanta, Memphis and many others, comes to Glendale. Kansas City has had the first five of these shows, but this year the rivalry was so keen between the cities mentioned above that as a compromise Los Angeles was awarded the plum. But when the committee to select a suitable location for the great affair arrived in the big city they could find no place that met their requirements, for it had been decided that this was to be an outdoor affair, with no roof but heaven's canopy and the beautiful green trees. So a tour of the nearby cities was decided upon to find the ideal spot. The first place visited was Verdugo Park, in northeast Glendale, and here the members of the committee threw up their hands and said: "No need to go any further. Here is the place we want." So negotiations were entered into at once to secure the location of the show in the spot selected, which was not hard to accomplish.

Guy H. Hall, secretary-treasurer of the Kansas City Tractor Club, who has been manager of the five annual shows held heretofore, has been selected to manage this one. He arrived in Los Angeles early (Continued on Page 9)

LUCKY ATHLETES

LETTERS TO BE BESTOWED NEXT WEDNESDAY ON 25 G. U. H. BOYS

About twenty-five members of the student body of Glendale High, who have been prominent in athletics this year will be remembered when the annual distribution of "Letters" takes place. Some will be more highly honored than others because of greater credits and heading this fortunate list is Lefty Herman, who will receive a basketball star, a baseball star and a track insignia, the only track letter awarded. This will make him the next year's track captain. Other letters bestowed will cover the activities since the second half-year opened, viz: Basketball, track, tennis, lightweight basketball and baseball. Captain's bars will go to Max Price, Clair Morrow, Malcolm White and Fred Jenkins.

The lightweight basketball men upon whom letters will be bestowed will also receive individual medals for winning third place in Southern California A. A. U. tournament.

Letters will be bestowed as follows: Basketball—Captain M. Price, Manager F. Herman, Kenneth Wilde, Clair Morrow, R. Brown.

Lightweight (130 lb.) Basketball—Captain Besant, Card, Dubois, Rockhold, Cline, Brown.

Track—Frank Herman.

Tennis—Captain Fred Jenkins, Manager Paul Jenkins, Herman Cummins, McDonnell, McGillis, Wilde, Brown, McNary, Campbell, Merriken, Begue, Terzo, McMullin.

The letters will be presented next Wednesday.

BIBLE PROPHECIES

BIG EVANGELISTIC CAMPAIGN OPENS IN GOSPEL TABERNACLE TONIGHT

An evangelistic campaign, in which prophecies relating to present-day events will be explained and the fundamental principles of Christianity made prominent, will be held by Evangelist C. S. Prout in the gospel tabernacle at the corner of Central avenue and Harvard street, near Brand boulevard and Broadway, beginning Friday evening, June 18th. The meetings will be held at 7:45 every evening for several weeks.

Evangelist Prout has conducted successful meetings in Colorado, Idaho, Washington and various parts of California. He has devoted many years to a careful study of the Bible, and says he will endeavor, through these meetings to encourage Bible study, and to help all who are seeking the peace and comfort of the gospel. Many have asked him the question, "What do present-day conditions mean?" (Continued on Page 2)

CITY PLAYGROUND

MOVEMENT TO RESTORE MAGNOLIA COURTS—H. L. MITCHELL TO BE DIRECTOR

Glendale is to have a summer playground.

The money has been appropriated. An experienced playground director has been secured. The committee is working on the details and it only remains for the people of our community, boys and girls, men and women, to back them up, to launch a movement which has suffered a setback because of the war.

The Magnolia School marks the location, on the south side of town, between Central avenue and San Fernando Road.

Two years ago this site was chosen and the people of Tropic District backed the movement and brought forth an equipment and grounds to be proud of. The war came on and it has fallen into disuse.

By organized effort the weeds can be eliminated and all the equipment put into shape.

Three days for clean-up have been declared—Monday, Tuesday and Wednesday, June 28th, 29th and 30th. Everybody interested is requested to bring tools—rakes, hoes, shovels, etc., and a willingness to work. If you haven't the tools, come anyway; tools will be furnished by the Forestry Department.

This is a chance for Boy Scouts, Y. M. C. A. groups, families, churches, everybody, to help make the summer enjoyable without going in crowded cars and coming home all "dragged out."

We are hoping for an "Independence Day Celebration" July 5th. (Watch for this announcement later). Just now we want to get the place cleaned up.

The following equipment is in place just needing to be recovered from the neglect caused by the war: Baseball diamond and grand stand seating several hundreds, basketball courts, croquet court, handball court, excellent cement tennis court and clay court, shower baths and dressing room, picnic grounds for families including swings, slide, sand-pit, brick ovens for boiling coffee and roasting "wiener," shady nooks for the mothers. Everything here that appeals for a little outing.

The playground will be open daily except Sunday from 2:00 till dark during the school holiday season. H. L. Mitchell has been secured as playground director. He is qualified through years of successful experience and being a resident of Glendale takes also community interest in the success of the municipal playground.

If you are interested phone him at Glendale 1540-R or visit the grounds any date after June 27th.

BIBLE PROPHECIES

(Continued from Page 1)

ditions mean?" He will answer this query from the Bible standpoint. His subject Friday night will be, "Will Japan Succeed Where Germany Failed?" Saturday evening he will show a series of stereopticon views on the life of Christ. Sunday evening, June 20th, he will speak on "A Celestial Warfare in Progress Sixty Centuries."

Music, both instrumental and vocal, will be a special feature of all the meetings. Several special songs will be rendered at the opening service. Miss Nelson will sing a solo, illustrated with beautiful stereopticon pictures.

In every meeting the evangelist says the Bible will be held up as the revelation of the will of God to mankind, the way of eternal life, the foundation of saving faith, and the basis of Christian truth. No sensational appeals will be made to the emotions, and no death-bed stories told, but only facts bearing on the truths given in the sacred Scriptures will be presented.

The lectures on the prophecies will be of particular interest, and the important truths found in the books of Daniel and the Revelation will be explained. Mr. Prout believes these studies will be of special educational value to Bible students, and will at the same time convince those who may doubt the truth of the Bible. In his opening talk this evening he will endeavor to show that the titanic struggle between nations was foretold by the Bible prophets, and will bring his audience down to the world-absorbing event that will come when the last great battle has been fought.

SHOCKING DISCOURTESY

The prisoner had been given a sentence of seven days without the option of paying a fine. The clerk had read a long list of previous convictions.

"Well," asked the magistrate, "have you anything to say?" "All I've got to say," remarked the prisoner in a hurt voice, "is that it's a pretty mean way to treat a regular customer."—From an Exchange.

SUPPRESSING CRITICISM

Suppression of disloyal utterances in time of war is amply justified. Under such circumstances it is essential that the morale of the people be not sapped by those of traitorous instincts. But after the war is ended there may be danger of misconstruing disloyalty. Too much zeal may prove ridiculous.

The New York legislature passed a half dozen bills bearing on the political standing of elements that are alleged to show no great enthusiasm for our form of government. The measures may have had their basis in wisdom, or otherwise. At any rate there was a division of opinion as to the advisability of such enactments. Some men whose patriotism and loyalty are above challenge opposed the laws as unnecessary and improper.

A publication that occupies a high rank among the thoughtful and loyal people of the country ventured to criticize the measures and urge the governor to veto them, which he did later. However, the librarian of the legislative library at Albany was on the job. He excluded that publication from the patrons of the library. He was determined that with his consent no periodical that dared doubt the wisdom of the members of the New York legislature should have circulation.

This of course was the foolish action of but one man. He may have thought he was performing a patriotic act. Possibly he had never heard of the "freedom of the press" and he could not differentiate between the expressed doubt of the wisdom of a legislative enactment and a disloyal utterance. Yet the incident has its value.

Is not too great enthusiasm for suppressing radicalism likely to cause more trouble than would some relaxing of the restrictions, which would permit the advocates of such doctrines to blow off some of their steam? Too great repression may have the effect of making men more radical than they would otherwise be. To let them talk so long as they desist from advocacy of inflammatory action might lessen the tension all around.

An expression of disagreement with a policy is not evidence of disloyalty. It may be proof of the opposite.

JUSTICE FOR VETERANS

Approval by the president of the Sells bill, providing pensions of from \$12 to \$30 a month for veterans of the war with Spain, Philippine insurrection and China relief expedition, gives justice to men who have long been neglected by the land for which they fought.

All men who served 90 days or more, and who are now or may hereafter be suffering from any mental or physical disability of a permanent character which so incapacitates them from performance of manual labor as to render them unable to support themselves, may, on making application be entitled to receive a pension from date of making due proof. It is also provided that pensions may be granted to these veterans on account of age and length of service when they reach the age of 62.

It is compensation that these men, so long neglected by a forgetful country, have been entitled to for years. It has been a long wait and the men who are entitled to pensions under the Sells act may be expected to avail themselves of the opportunity quickly.

YOU PEOPLE who are loaning money at 7 per cent take notice. I have a proposition that will bring you over 30 per cent for your money.

I have six four room apartments which will rent at \$300 per month or \$3600 per year. This property can be bought for \$14,000. \$3600 would be over 21 per cent of \$14,000. You can get this property for \$7000 down, the remaining \$7000 for 7 per cent leaving you 14 per cent on the other fellow's money which would bring you \$7000 investment at 35 per cent. Look into this if you are looking for an investment.

R. W. Meeker of East Colorado was called to San Francisco on business last Friday and is still there. Mrs. Meeker and daughter, Evelyn, accompanied him. They are expected home in the near future.

Doris Stamps, daughter of Mr. and Mrs. Walter Stamps of this city, is in the Clara Batron Hospital, Los Angeles, where she underwent a minor operation upon her eyes Thursday; also tonsils and adenoids were removed. She is doing nicely.

Mr. and Mrs. C. O. Smith of 511 North Jackson street, are moving today to their new home at 312 North Kenwood street, which has just been completed.

Mrs. S. A. Pollock of West Park avenue has just returned from Fresno where she had a very nice visit with her doctor husband, who is now located in Fresno. Mrs. Pollock's sister, Mrs. Gates, who has been spending the winter with her, was joined by Mr. Gates recently and when they motored north to return to their Oakland home, Mrs. Pollock went with them as far as Fresno. She reports a delightful trip going and coming and a very pleasant sojourn in Fresno in spite of the fact that the weather was rather warm.

NOT WOMEN ALONE

Lady Astor, speaking with the experience of the first woman member of parliament, is quoted as saying "the great trouble with women is that they seem to think legislation will do everything."

After her ladyship has been in politics a little longer she may moderate her dictum sufficiently to admit that the notion that legislation

will do everything is by no means peculiar to women. A good many men have been heard in the discussion of some issue or emergency to urge that "we need a law" or "a law should be passed," with apparently the same blind confidence in mere enactment that Lady Astor finds fault with in her British sisters.

There is in fact no more common illusion than this of curing or curbing by the simple expedient of adding a law to those already on the statute books. After enactment must come enforcement for any law, however meritorious, unless backed by popular sentiment, is as likely as not to lag into laxity. So it all comes back to the individual, with whom the reform must first take root. But how many men, as well as the women whom Lady Astor reproached, think all that is necessary is to pass a law and forget about it!

At least no charge has yet been made that any candidate for vice-president has spent a lot of money to obtain the nomination on either ticket.

THIS IS YOUR HOSPITAL

You will be proud of it as an asset to your city.

You will be glad of the opportunity it offers your family or friends should they need hospital care.

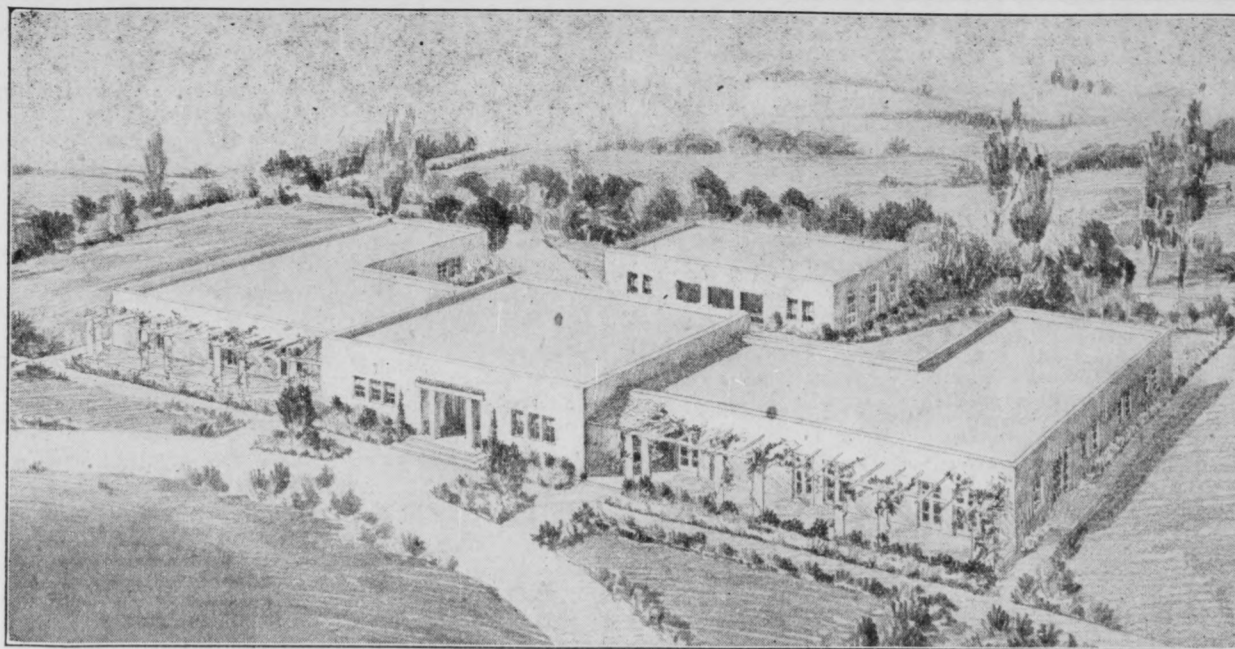

Will you have a financial interest in it?

The Glendale Research Hospital is assured. Before another spring it will have been completed.

This is a Glendale hospital for Glendale people and the common stock of the corporation is on the market at par, \$100 a share. Already the interest is so great and there is such a large and representative list of stockholders as to make this hospital in truth a Glendale hospital.

We don't hesitate to assure inquirers that this is a good investment though some are buying from a humanitarian standpoint alone.

MRS. COLLINS WEDS

FORMER GLENDALE RESIDENT
BECOMES BRIDE OF DISTINGUISHED NEW YORKER

The many friends of Mrs. Harriet C. Collins, a former resident of Glendale, will be interested to learn that on Thursday at 1:30 p. m. she became the bride of George Frederick Shaver, who recently came from New York City to make his home in Southern California.

It was a very quiet affair celebrated at the home of the bride, 5157 Seventh avenue, Los Angeles, and witnessed by the two children of the bride, Mr. and Mrs. Ernest Morgan, of this city, sister and brother-in-law of the bride, their son Eric, Dr. Rowell, pastor of the Mesa Congregational Church, who officiated, his daughter, Mrs. McCrea, and Mrs. Roth, a neighbor and friend.

Following the wedding breakfast Mr. and Mrs. Shaver left for a brief wedding journey and on their return will be at home to their friends at 5157 Seventh avenue.

During her residence in the Tropico District of Glendale Mrs. Collins was president of the Thursday Afternoon Club and was an active worker in the Tropico Presbyterian church. She is a frequent visitor in Glendale and has a host of friends here.

Mr. Shaver is a member of a distinguished New York family, is an inventor of note and has done a great deal of research work for Funk & Wagnalls, publishers of the Standard Dictionary. So appreciative of his services were the publishers that they bestowed upon him a special edition of the dictionary. He had charge of munition plants of New York State during the war and has been engineer of the New York Rapid Transit Company which operates the street car systems of New York. He is a Commodore in the Corinthian Yacht Club of New York in which membership is limited to yacht masters able to sail them personally. His inventions include a soap-shaving machine, a non-capsizable lifeboat, an automatic fastener of mailbags, and many other useful devices.

WITH THE "ALSO RANS"

At every election there are a number of candidates whose names only clutter up the ballot. They stand no chance whatever of being elected, and everybody but themselves know it in advance. But they "run," they get a little publicity out of it, and it may be they are satisfied with that. But it costs the state something to have their names printed on the ballot and it causes more or less annoyance, especially in the matter of counting the votes. There ought to be some way of assessing these gentlemen, or making them pay for the trouble they cause, although it is a pretty difficult matter to handle in such a country as this, where everyone has the right to aspire to public office.

In England, however, they have solved the problem. Over there a man has to give bond when he runs for office, and if he receives less than a certain per cent of the votes cast his bond is forfeited. If a candidate had to put up \$500 in the event he fails to receive 10 per cent of the party vote, the ballots in this country would not contain nearly so many names at election time.

Judging from reports San Francisco hotelkeepers, like those in Chicago, have not heard of the price-cutting wave that has been sweeping the country.

That Toledo couple married in an airplane evidently believe that flying high is the proper way to start wedded life.

Advertise it, or advertise for it in the Evening News.

Glendale's Growth

Many people think that when the census figures for Glendale are made known that our city will show a greater percentage of increase in population in the past ten years than most Southern California cities.

They base their surmise partially on the amount of building that has been done the past year, the amount that is still being done and the fact that the demand for homes and business buildings has not been satisfied.

This estimate cannot be far wrong. Glendale has grown wonderfully in the past ten years and is still growing.

We are in a position to realize this since we have been identified with the building activity during those years.

When we look back over the past ten years we are more than pleased to realize that our faith in the future of Glendale was not in vain and that we have been able to assist materially in building up the city.

We can count scores and scores of buildings that have been our handiwork and we are working on several contracts now. We expect to keep on building and having a part in Glendale's growth.

Do You Look Your Best?

So much depends upon your personal appearance. So many times a shampoo, a becoming coiffure, a facial massage, a steam pack would give you that poise that comes only with the knowledge that you are well-groomed—that you look your best.

Why not patronize a personal improvement shop conducted by a graduate operator of fourteen years' working experience?

Why not try my hot oil treatments combined with the actinic Hermalite rays and a circulatory massage followed by a medicated tar shampoo?

Why have blackheads and pimples when our Resinol steam pack process will clear your face in thirty minutes?

Why look old when my Henna process will transform your gray locks, and the work is guaranteed?

ORDINANCE NO. 385

AN ORDINANCE PROVIDING FOR
THE PROTECTION OF FLOOD
CONTROL WORK INSTALLED
IN THE CITY OF GLENDALE.

WHEREAS, There are certain
streams, water courses, water ways,
channels and washes located in and
extending through the City of Glen-
dale, the banks and channels of
which have been straightened, im-
proved and built up so as to protect
said streams and water courses from
overflow of storm and flood waters.
Said improvements and protection
work being commonly referred to
as "Flood Control Work;" and

WHEREAS, It is vitally important
that all such improvements and
flood control work located in the
City of Glendale be preserved and
held intact for the protection of the
City of Glendale from overflow of
storm and flood waters;

NOW, THEREFORE, The Board
of Trustees of the City of Glendale
ordain as follows, to-wit:

Sec. 1. It shall be unlawful for
any person, firm, or corporation to
remove any sand, gravel or material
of any kind from any wash or water
course in the City of Glendale on
which there has been installed any
flood control work as described in
the introductory part of this ordi-
nance, except as hereinafter pro-
vided.

Sec. 2. Any person, firm or cor-
poration desiring to remove sand,
gravel or other material from any of
the washes or water courses referred
to in this ordinance shall make ap-
plication to the Street Superinten-
dent of the City of Glendale for a
permit to remove such sand, gravel
or other material from such water
courses or washes in which applica-
tion shall be stated the approximate
location from which said sand or
gravel or other material is to be re-
moved and the manner in which it is
to be removed, and the period of
time during which the applicant
wishes to remove the same, not ex-
ceeding six months, and the approxi-
mate amount of sand, gravel and
other material to be removed.

Upon the filing of such applica-
tion the Street Superintendent of the
City of Glendale shall investigate
and determine whether or not the
removal of sand, gravel or other ma-
terial from the place mentioned in
the application would be detrimental
to or liable to injuriously affect the
flood control work installed along
the wash from which application is
made to remove sand or gravel, or
other material. If the Street Super-
intendent shall find that removal of
sand or gravel or other material
from the wash at the place and in
the manner and amount applied for
will endanger or is liable to endan-
ger or injuriously affect the flood
control work along the channel of
said wash at said place or elsewhere
in the City of Glendale, he shall
deny the permit applied for; other-
wise if the Street Superintendent
shall find after investigation that the
removing of such material will not
be liable to endanger or injuriously
affect the flood control work along
such wash, he shall grant the same.

Provided, however, that in no
event shall any excavation be made
to a greater depth than five feet be-
low the official grade of the channel
of any said washes or within fifteen
feet of any protection work along
the sides of the channel thereof;
unless a special authorization so to
do is given by the Board of Trustees
of the City of Glendale. All exca-
vations for the removal of sand from
said washes shall at all times be un-
der the supervision of the Street Su-
perintendent.

Sec. 3. All persons, firms, and
corporations, applying for and re-
ceiving a permit as provided for in
Section 2 hereof shall pay the Street
Superintendent for the use and ben-
efit of the City of Glendale, fees as
follows:

For each vehicle, wagon, or truck
used in removing such sand and ma-
terial of a capacity not to exceed
two cubic yards, the sum of \$2.00
for each vehicle, wagon, or truck.

For each vehicle, wagon, or truck
used in removing such sand and ma-
terial of a capacity exceeding two
cubic yards the sum of \$3.00 for
each vehicle, wagon, or truck.

Provided, further, that all such
permits shall be for a term of not
more than six months.

Sec. 4. Every person, firm, or
corporation, obtaining a permit as
provided for in this Ordinance must
obtain a number from the Street Su-
perintendent, for each vehicle used
in connection therewith and shall
keep a tin, sheet iron, or metal, pla-
card bearing such number, in a con-
spicuous place upon such vehicle and
the number shall not be changed
without the consent of the Street
Superintendent. There shall also
be set forth on said placard the date
of expiration of the permit for which
said number was issued.

Sec. 5. It shall be unlawful for
any person, firm, or corporation to
place or deposit along or adjacent to,
or within a distance of fifty feet of
any of the protection work referred
to in this ordinance, any rubbish,
shavings, brush, or waste matter, or
other material, without first obtain-
ing from the Street Superintendent
of the City of Glendale a permit so
to do, which permit shall be denied
if it appears that such deposit would
injure or endanger any such flood
protection work.

Sec. 6. It shall be unlawful for
any person, firm, or corporation to
start, cause, or permit to be started,
or maintain within a distance of fifty
feet of any of the protection work
referred to in this Ordinance, any
fire or fires outside of a building,
without first obtaining a permit in
writing from the Fire Marshal; pro-
vided that no such permit shall be
issued, if upon investigation, it is
found that said fire or fires would
in any way endanger such protection
work.

Provided further that the
provisions of this Section shall not
apply to the burning of the ordinary
rubbish and waste matter which will
accumulate at a private residence
within the period of one month.

Sec. 7. It shall be unlawful for

any person, firm, or corporation to
place or deposit within the channel
of any such wash or water course
any rubbish, brush, or waste matter
whatever, or to remove, mutilate,
cut through or destroy or in any way
disturb any of the protection work
or trees along the banks of any of
such washes, streams, or water
courses in the City of Glendale.

Sec. 8. Any person violating any
of the provisions of this ordinance
shall be deemed guilty of a misde-
meanor, and upon conviction there-
of shall be punished by a fine of not
less than \$10.00 nor more than
\$300.00 or by imprisonment in the
County Jail of the County of Los
Angeles for a period of not less than
ten days nor more than three
months or by both such fine and im-
prisonment, and any permit held by
such person to excavate sand or
other material, may be revoked
thereupon.

Sec. 9. The City Clerk shall cer-
tify to the passing of this ordinance
and cause the same to be published
once in the Glendale Sentinel-
Progress.

I, J. C. Sherer, City Clerk of the
CITY OF GLENDALE, do hereby
certify that the foregoing ordinance
was duly adopted by the Board of
Trustees of the CITY OF GLEN-
DALE, State of California, and signed
by the President of the Board, at
a regular meeting thereof, held the
tenth day of June, 1920, by the fol-
lowing vote:

NOTHING WANTING

"This," smiled the fond young
wife, as she handed a plate of pud-
ding to her husband, "is cottage pud-

The man tasted it doubtfully.
"I'd have known it was cottage
pudding," he returned.

"Would you?" she asked, delight-
ed.

Your Hens Would Order P.C.A. Dry Mash if They Could Choose Their Meals

Why?

Because a hen naturally chooses a balanced ration.

Hens out in the fields pick up grains, green foods, bugs and worms.
They select just the right amount of each kind of food. That's why
instinct is the safest guide to poultry feeding.

And so, the Poultrymen's Co-operative Milling Association, in pro-
ducing P. C. A. Dry Mash, offers the perfected poultry food—the
natural selection of over 20,000 hens. Leading poultrymen, after
trying many feeds, have found the nutritive combinations of P. C. A.
Dry Mash to be the choice of healthy egg-producing fowls.

Hulled Barley An Economical Wheat Substi- tute.

In these times of high
wheat prices, experi-
enced poultrymen are
feeding hens hulled
barley, instead of
wheat. For this reason
the Poultrymen's Co-
operative Milling As-
sociation has installed
the latest type of bar-
ley huller—the largest
of its kind in Los An-
geles. With this ma-
chine we can provide
poultrymen with hulled
barley in which all
the elements are fully
preserved and hence,
which possesses great
value as a poultry
feed.

NOTICE OF PUBLIC WORK

Public notice is hereby given that the Board of Trustees of the City of Glendale on the 3rd day of June, 1920, did at its meeting on said day, adopt an Ordinance of Intention No. 383 to order the following improvement to be made, to-wit:

That Commercial Street be opened, widened, and laid out from the north line of Broadway in a north-westerly direction across Lots 2, 3 and 4, of the Hahnes Subdivision, as per map recorded in Book 5, Page 314, Miscellaneous Records of Los Angeles County, California, and across the West Glendale Tract, as per map recorded in Book 42, Page 39, Miscellaneous Records of Los Angeles County, California, to the northeasterly line of San Fernando Road; Also from the south line of Broadway to the west line of Central Avenue across Lots 2, 3, 4, 5, 6, 7, 8, and 9, of Block H of the Glendale Valley View Tract, as per Map recorded in Book 9, Page 157 of Maps, Records of Los Angeles County, California.

Section 2. That the land necessary and convenient to be taken for the improvement described in Section 1 hereof is situated in the City of Glendale, County of Los Angeles, State of California, and is more particularly described as follows, to-wit:

First: A strip of land of the uniform width of one hundred twenty (120) feet, lying sixty (60) feet either side of, parallel and contiguous to the following described center line; to-wit:

Beginning at a point in the center line of Broadway four hundred seventy (470) feet west of its intersection with the center line of Kenilworth Avenue; thence northwesterly by an angle of 36°-09'-08" to the right on a line bearing N. 54°-11'-52" W. two thousand one hundred forty-eight and nine hundredths (2148.09) feet across Lots 2, 3, and 4, of the Hahnes Subdivision, as per map recorded in Book 5, Page 314, Miscellaneous Records of Los Angeles County, California, and across the West Glendale Tract as per map recorded in Book 42, Page 39, Miscellaneous Records of Los Angeles County, California, to a point; said point being the point of beginning of a curve concave northeasterly of radius seven hundred sixty (760) feet; thence northwesterly along said curve four hundred thirteen and fifty-eight hundredths (413.58) feet to a point; which point is the point of tangency of said curve with the north line of San Fernando Road and which point is opposite at right angles to a point in the center line of San Fernando Road one thousand seven hundred thirty-one and fifty seven hundredths (1731.57) feet along said center line of San Fernando Road from its intersection with the center line of Broadway.

Second: All that portion of Lot 2 of the aforesaid Hahnes Subdivision within the following described boundary lines:

Apricot Fritters

A Daily Recipe by Delmonico's Chef (Apricot Fritters)

Mix one-half a pound of flour with one tablespoonful of oil or melted butter, a grain of salt, two eggs (add one after the other), one ounce of sugar. Dilute gradually with one and a half teacups of cold milk. When about to use the batter, mix therewith one and a half tablespoonfuls of baking powder.

Take some half preserved apricots, dry them on a napkin and sprinkle with flour. Dip them in batter and fry in hot fat. Drain on a napkin. Set the fritters on a tray, cover them with powdered sugar and glaze in a hot oven. Serve at once. (Proceed in precisely the same way for apples, pears, peaches, pineapples or banana fritters.)

yesterday morning and in company with W. W. Rainey, president and manager of the Avery Company, Los Angeles, and chairman of the Tractor & Implement Dealers' Association of Southern California, came out to Glendale just before noon to view the site, talk with Glendale's city authorities and business men and impress them with the magnitude of the coming event. This will undoubtedly be the greatest show yet held and will be international in scope, bringing thousands of people to Los Angeles and Glendale. At last year's show in Kansas City over 300 firms dealing in tractors and farm implements were represented and had exhibits. All brought numbers of employees with them, one firm alone using 200. Practically every great manufactory of such machinery and many large dealers, both wholesale and retail, will have representatives present and there will be owners of big farms in the Middle West and big ranches of the coast states present, and many dealers from European, Asiatic and South American countries—Australia, Japan, China, India, Greece, Italy, France, Denmark, Belgium and Great Britain—will have their firms represented, also. All the leading farm journals of the country will have editors or reporters present, and some of the larger dailies on the coast, also.

At the banquet given this evening at 7 o'clock in the White Inn, when the business men of Glendale entertain representatives of the big show, there will be present the directors and officers of the association, the committee for active membership, the committee for associate members, some of the members of the committee on site, representatives of the Tractor & Implement Dealers' Association of Southern California, and representatives of the daily press and of many farm journals.

Mr. Hall and Mr. Rainey were callers at the Evening News office yesterday and the former said that he had been in Los Angeles and Glendale only six hours, but was ready to capitulate at once to the charms of scenery and climate that he had heard so much of but doubted the reality of.

STATE PICNICS AT SYCAMORE GROVE

There will be three state picnics at Sycamore Grove tomorrow, West Virginia former residents are to hold theirs all day, going early and enjoying a basket dinner at noon. Georgia and Massachusetts people are to go at noon and will have a basket supper at 5. Hot coffee will be supplied to all. Visitors should take their own cups and spoons. There will be some short addresses at all the picnics but they will be largely for a social, get-acquainted time.

A GREAT TASK COMPLETED

It is not too much to say that T. M. Vail did more than any other man to make the United States united. He gave it such a system of wire nerves as no other nation possesses. He linked together town and country, home and workshop. He fitted telephony like a garment around the habits of the people; and when at last he sat in his office in New York and talked through to San Francisco, his stupendous lifework naturally came to an end. Like Drake, he could truly say: "And all that I said I would do, I have done."

This is a typical example of results of American initiative in developing a great enterprise for the benefit of all the people. It was done without expense to the government or the taxpayer. The telephone is an every day item in the American home instead of merely a luxury for the rich and official classes as in Europe where the lines are government controlled with resulting lack of incentive for development and service.

READY FOR CAMP

Y. M. C. A. SECRETARY WILLIAMSON VISITS PINE FLATS, THE NEW SITE

E. E. Williamson, Secretary of the Glendale Y. M. C. A., just returned from a trip up the San Gabriel Canyon where he had been with the advance party of men who are building the Pine Flats Camp Site for the big Summer Camp which commences next Monday, the 21st. Mr. Williamson tells of the wonderful trip up that beautiful canyon to Pine Flats, which the men took on foot from the Red Triangle Cabin which is four miles up the canyon from Coldbrook, the end of the stage line.

The Y. M. C. A. has selected a fine site for a camp which is about 15 minutes' walk from Crystal Lake and right beside a stream of water which comes down the canyon from the side of Mt. Hawkins. The tents are being set up right among the giant pine trees and the boys will certainly have a healthy spot in which to camp for the two weeks. As it was his first trip up to the Flats Mr. Williamson wanted to be able to tell all the Glendale boys of the great place, so he went with another of the men on a hike to the summit of Mt. Hawkins, almost 10,000 feet high. There is a splendid trail clear up to the highest peak and there is seen one of the grandest views that can be imagined, as this is the furthest range back. One can see clear out across the vast stretch of the Mojave desert to the Devil's Punch Bowl. Below is the Flats all covered with tall pines, with beautiful Crystal Lake glistening in the sunlight, and range after range of high mountains rising all around. Away off in the distance you can see Mt. Wilson and clear to the ocean.

The men saw several small animals and a beautiful fox crossed their path, turned around and looked at them, taking his leisure about getting away. They found some snow on the summit and the boys all hope that it will still be there when the camp starts next Monday.

Warren Douglass, the great boys' man, has been secured to be at all the camps and he arrived last week at the camp site. The good news now is that an additional number of 12 boys can be registered from Glendale so come on boys and register for the camp. The second camp starts July 2d.

TRUSTEES' MEETING

(Continued from Page 1)
coming to some conclusion on this matter. Mr. Lusby, Secretary of the Association, Mr. Rowley, President of the organization, and A. T. Cowan spoke in favor of the proposition.

Trustee Stephenson made a motion, which was seconded, that Mr. Spohr and Mr. Thomas, who had given the options on the lots referred to, being Lots 25 and 26 in Tract No. 618, be relieved from the said options. Vote on the motion resulted as follows:

Ayes: Robinson, Shaw, Stephenson.

Noes: Bartlett, Henry.
Demands were presented and referred to the Finance Committee. Later, the Finance Committee reported them back approved, and on motion of Trustee Stephenson warrants were ordered to be issued in payment of the same.

The Clerk presented the bond of City Marshal Stanley, which was referred to the City Attorney, who returned the same for correction.

The City Attorney reported on the application of the Glendale Sanitarium and Hospital for permission to carry on the business of a hospital, recommending that the form of the application be changed so as to comply with the ordinance. On motion of Trustee Stephenson, further action in regard to the hospital matter was delayed until the next meeting, in the meantime the City Manager to investigate and report.

On motion of Trustee Henry, it was ordered that the application of H. A. Wilson for a permit to operate a motor bus line over certain streets of the city of Glendale be denied.

In regard to the application of Dr. Webb for kennel license for establishment on East Colorado street, Trustee Bartlett made a motion which was adopted, that the matter be referred to the City Manager to report at the next meeting as to the proper rate to be charged for a kennel license.

The City Attorney, having prepared an ordinance providing for the calling of an election of fifteen freeholders to prepare a charter for the city, the same was presented by Trustee Bartlett and laid over for one week.

The City Manager submitted a report on playgrounds, accompanied by a copy of the minutes of the playground committee meeting, showing that the Committee recommended that H. L. Mitchell be appointed supervisor of the Magnolia Playground for ten weeks at a salary of \$100.00 per month, and that Mrs. Lake and Mrs. Bacon, together with the Director, have charge of the work. On motion of Trustee Stephenson, the recommendations of the Committee were approved and adopted.

The City Manager reported in regard to the application of Mrs. R. L.

about the 20th of this month. Mr. Holden has completed and will occupy a very tasty residence on Manhattan avenue, Hermosa Beach, and a number of other La Canada residents will spend the summer at that ocean resort.

QUEEN OF THE DUNES

Blake Franklin of this city has distinguished himself and has an extra \$10 to the good as the result of his response to a general invitation extended by the Manhattan Beach Chamber of Commerce to the public generally to furnish a slogan for that city, a \$10 prize to reward the creator of the slogan chosen. Mr. Franklin received the check Thursday for his slogan, "Manhattan! Queen of the Dunes." In announcing the award the Manhattan Chamber justified its action on the ground that Mr. Franklin's slogan is poetical, second it is true because Manhattan is "Queen of the Dunes" and the name will be an inspiration to maintain her imperial position.

WINGS FOR MRS. VANDERBILT

Mrs. W. K. Vanderbilt tells this story on herself:

She was doing canteen work in France during the recent misunderstanding in that vicinity, and devoted considerable time to entertaining American soldiers in one of the hostess houses. Being an excellent dancer and attractive, she was in much demand among the boys. One evening she danced several times with a tall tow-haired doughboy who showed symptoms of great loneliness and talked volubly about things in Michigan.

When the evening was ended, the tow-haired one came over to Mrs. Vanderbilt.

"I've had a bully time," he said, "and I want to keep track of you. We're moving out of here tomorrow, for the front. But if we get back, I'd like to look you up over in the States. My name is Albert Bridgeman, from Grand Rapids. What's yours?"

"I'm Mrs. W. K. Vanderbilt," she replied.

The doughboy scanned her from head to foot.

"That's right, chicken," he said, "fly high!"
